OUTLOOK AND STRATEGY

Market Review. April 2025 was a stable month for the Philippine local fixed income market, characterized by mixed movements in yields and strong investor demand for government securities. The market navigated through global economic uncertainties and local fiscal policies effectively. The BPI Philippine Government Bond Index returned 0.30% for the month as rates crept higher by 3 bps on average, mostly on the long end of the curve. Both domestic and international factors, including central bank policies, inflation trends, and geopolitical developments affected yield movements for the period.

The Bureau of Treasury (BTr) initially announced 4 FXTN auctions for the month. The first two were re-issuances of 5-year FXTN 7-70 and 7-year FXTN20-17, both fully awarded at average rates of 5.908% and 5.986%, respectively. The 15-year auction scheduled in the last week of April was cancelled to accommodate for the jumbo 10-year FXTN issuance. The government raised a total of PHP 300 billion of FXTN 10-73 with the coupon rate set at 6.375%.

Demand for government securities remained strong, particularly for medium-term bonds. On the other hand, short-term rates saw an increase due to position trimming to fund the settlement of new 10-year paper. Local inflation slowed further to 1.8% in March 2025, down from 2.1% in February. This easing inflation supported stable bond prices. The Bangko Sentral ng Pilipinas (BSP) eased its policy rate by 25 basis points bringing the benchmark rate to 5.50%. Moreover, the BSP reduced its risk-adjusted inflation forecast to 2.3% (from 3.5%) for 2025 and 3.3% for 2026.

Fund Performance. The Fund returned 0.31% for the month, underperforming its benchmark by 4 basis points. Year-to-date, return amounted to 1.50%, outperforming its benchmark by 2 basis points.

Fund Strategy. The fund will maintain its current overweight position in terms of duration. Investors in the money market fund must be prepared to withstand short-term volatility as higher investment value is normally achieved over the medium-term.
